ECU Celebrates 60 Years!

jack eckerd corporation
EMPLOYEES'
CREDIT UNION

On June 25, 1963, Jack Eckerd Employees Credit Union opened its doors for the first time, and we are thrilled to celebrate our 60-year milestone with you! ECU Credit Union is extremely grateful to our members for trusting us to be your credit union for all your financial needs. Our mission still holds true six decades later – helping members to achieve financial health and meeting their financial needs in a friendly and personal way. We are looking forward to continuing to serve our members for many years to come.

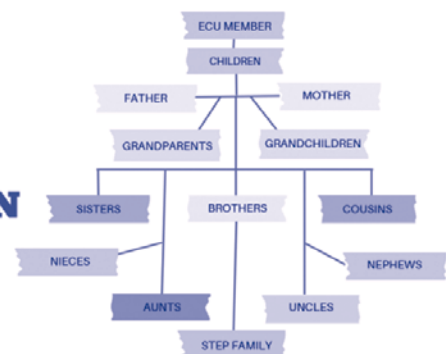

Over the last 60 years, we have seen numerous changes within the financial industry, but ECU has continued to stay true to its core values. In fact, many of our Associates, Board Members and Official Family Members have been involved almost as long as the doors have been open. We all feel when you are a part of a good thing, you should stay with it for the long haul! This continuity and commitment to our purpose is what sets us apart from the rest. And even though ECU Credit Union will make changes and improvements that benefit our members, we promise not to lose sight of our purpose.

Don't forget, as a member of ECU Credit Union, your family members are eligible to join because of you. They can enjoy the same benefits and financial security you have had over the last 60 years! Watch for some exciting promotions coming your way to celebrate our big 60 years! Thank you for your membership and trust in ECU Credit Union.

Volume 34 – No. 2 – Summer 2023

the **LAST Word**

No one ever injured their eyesight from looking on the bright side of things.

Congratulations to our April Youth Month Winners!

Week 1: Abigail (CO)

Week 2: Noelle (FL)

Week 3: Demi (FL)

Week 4: Dax (TX)

We are proud of all our Youth Account members; they are off to a great financial start! We look forward to Youth Month 2024!

Recognize Scam Red Flags and Reduce the Risk

Scammers spend all their time creating clever new scams and inventing new ways to execute old scams. Protect yourself and your family by learning how to spot the signs of a scam whether you're contacted by phone, mail, email, text, or in-person.

What to look for...

- Fake invoices or notices that look real
- Upfront money requests
- Wire money now
- Requests to provide personal or financial information
- A sense of urgency – asked to act quickly
- Cashier checks, money orders, and gift cards
- It sounds too good to be true

ECU Credit Union will never ask for your complete account number, PIN, CVV code, or full social security number in a **text or email**. If you receive a message asking for that kind of information, do not engage! **Do NOT click any links**. Scammers are clever. They are experts at tricking people.

Scan the QR code and visit our blog for more information about scams, how to reduce the risk, and check your answers to the match the scam game.

Introducing!
Credit Score. And More.

Staying on top of your credit has never been easier.

Access your credit score, full credit report, credit monitoring, financial tips, and education. All of this without impacting your credit score.

Match the letter of the Scam to the Fraud Definition

A. Account Takeover	The act of someone impersonating a trusted company or person in order to access sensitive information.
B. Malware	Unwanted messages sent to many individuals via text or email.
C. Spoofing - Imposter Scam	A type of fraud where scammers leave voice messages pretending to be bank reps or other reputable companies in order to gain personal information from their targets.
D. Spam	A type of fraud where scammers send text messages pretending to be bank reps or other reputable companies in order to gain personal information from their targets.
E. Vishing	When scammers take over bank, credit card or government benefit accounts with stolen information; one of the most common types of identity theft.
F. Smishing	A type of fraud where scammers send emails pretending to be bank reps or other reputable companies in order to gain personal information from their targets.
G. Phishing	Software created to damage, disrupt, or gain unauthorized access into someone else's computer system.
